FOR IMMEDIATE RELEASE

#### FEDERAL FINANCING BANK ACTIVITY

Charles D. Haworth, Acting Secretary, Federal Financing Bank (FFB), announced the following activity for the month of September 1987.

FFB holdings of obligations issued, sold or guaranteed by other Federal agencies totaled \$157.3 billion on September 30, 1987, posting a net decrease of \$866.6 million from the level on August 31, 1987. This change was the result of decreases in holdings of agency debt of \$835.6 million and in agency-guaranteed debt of \$140.6 million. Holdings of agency assets increased by \$109.6 million. FFB made 119 disbursements during September.

The Omnibus Budget Reconciliation Act of 1986 authorized certain rural electric borrowers to prepay up to \$2.0175 billion of their Rural Electrification Administration-guaranteed loans from the FFB, without premium or penalty, using REA-guaranteed private market financings. Pursuant to this Act, FFB received prepayments of \$589 million in FY 1987. FFB suffered an associated loss of \$165 million.

Attached to this release are tables presenting FFB September loan activity and FFB holdings as of September 30, 1987.
